Web Developer | IT & Operations

Professional Summary

Entry-level Web Developer focused on clean, accessible, responsive UI. Builds performance-minded sites with HTML, CSS, and JavaScript (DOM/state, localStorage, REST APIs) and applies responsible AI-powered workflows to plan, iterate, and ship features faster. Remote-ready collaborator leveraging 7+ years in IT, operations, and vendor management, strengthened by intercultural communication skills.

Skills

HTML5, CSS3, JavaScript (ES6+), Responsive Design, Accessibility (ARIA), RESTful APIs, DOM & State Management, Git & GitHub, GitHub Pages, Browser DevTools, IT Support & Troubleshooting, Vendor Management, Project Coordination, Remote Tools (Zoom, Slack, Teams, Asana), Inventory & Facility Management, Customer Service, Excel & Reporting, 3D Printing & CAD, Process Improvement. Currently learning: React.

Certifications

Web Development, AI Professional, AI-Powered JavaScript, Intercultural Communication Skills

Experience

Global Career Accelerator — Web Development Intern | Aug 2025 – Dec 2025 | Remote

- Built Water 2048 mini-game with real-time scoring, Hard Mode, Undo/Reset, swipe + keyboard input, SVG milestones, and localStorage high scores.
- Developed NASA Space Explorer: API-driven media viewer with loading states, error handling, and keyboard-accessible, responsive UI.
- Deployed and maintained a portfolio site with live demos, GitHub links, SEO/meta, and Git workflows; wrote modular vanilla JS for DOM/state.

Subaru of Fort Myers — Fixed Operations Manager / IT Support | Feb 2024 – Present | Fort Myers, FL

- Lead IT setup, troubleshooting, and support for dealership systems (1Micro, VinPoint, vAuto) to minimize downtime.
- Manage vendor contracts and process improvements, driving ~15% monthly cost savings and faster workflows.
- Improved vehicle check-in and inventory processes, significantly reducing processing time and errors.

Self-Employed — Founder & Owner (3D Design & Content) | 2019 – Present | Remote

- Design custom 3D-printed products and manage client work, e-commerce, and fulfillment.
- Partner with brands (Ekster, Ridge Wallets, Prusa, RØDE) and grow a 370K+ TikTok audience through tutorials and product content.
- Led international brand collaborations by crafting high-impact cold emails, managing cross-time-zone communication, and closing advertising deals that aligned partner goals with audience needs.

Asero Tent Rental — General Manager | 2018 – 2020 | Brighton, MI

Education

Florida Gulf Coast University — Software Engineering (2025–Present)

ATP Flight School — Flight Training (2022–2023)

Lansing Community College — IT & Operations Coursework (2017–2021)
